**Consignments are used for straight transport jobs or if you have created a purchase order for stock you need us to collect and bring back to our depot.**

## Adding a new Consignment

Click on Transport->Consignments on the Top Navigation menu, then click the green button, 'Add Consignment'.

You'll now see the Add Consignment screen.

**Reference:** This is your own reference field which is meaningful to you. It could be your Invoice Number to the Customer, or some other identifier so you can tell which consignment is which.

All Consignment References must be unique, duplicate reference numbers are not allowed. If you are sending the 2<sup>nd</sup> part of an order and wish to use the same reference number, we recommend adding something to the end, for example '-A'. So reference 0028376 would become 0028376-A.

**Service:** To select the service type and related charges.

- **General:** For transport jobs completed on your standard rate card.
- **Hourly:** For ad hoc deliveries/afterhours/short notice jobs requiring hourly rate charges
- **Pallet Transfer:** Used when we have set pallet transfer pricing setup on your rate card (ie full load from the brewery to PST)
- **Pickup:** Not applicable – do not use.

**Pickup address:** Where we are collecting the goods from

**Delivery address:** Where we are dropping the goods to

**Special instructions:** For our driver if required

**Invoice Value:** N/A, leave blank

**Advanced Options:** Can select the date required if needing specific day for collection.
