## Employee Of The Month (Feb)

**Jamie Ewe**

Jamie joined the team in 2020, bringing with him a wealth of experience and knowledge around warehousing.

He very quickly became a top operator taking home warehouse operator of the year in his 1st year and employee of the month numerous times.

His selflessness and team spirit with everyone at PST is something we can all strive to emulate. A dedicated family man who loves to have a laugh.

Churchill Is Back

With the Iron Curtain once again descended down on Eastern Europe, it is once again time for The Don fire up with some classics from the month that was

Pretty Soon it will be like watching Rocky 4 I reckon, The Red Shirts come on strong, but the underdog fights back & gets on top for the win. Go the Blue & yellow

Never more important than right now, is the need for all of us to Band Together as one Unit and get the Job done

After 2 Days of doing everyone's job, The Don came in a bit grumpy early this week, but after watching Johnny rehab, you always end up feeling better, have a look guys:

<https://youtu.be/qe1li8DdRFU>

Its good to see that the PST Camp went well & all involved had a good time, and there were only a few Minor Injuries

-Sid "Wolf Of Wallstreet" Singh got a bit hungry after 16 Stubbies and mistook his left Ankle for the Leg of Lamb off the fire! I've never seen a more sorry sight since!

-Peter Jnr had to cancel his golf game with The Don on Tuesday as he was too sore after sleeping on the floor

-Jon Travis almost started a Bushfire, though it would be a good idea to play hool a hoop with a Burnt Stick!

PST Golf Day on 20/03 Sunday @ Altona Lakes GC, get On it. The 1st Social Event The Don has attended in 2.7 Million years, should be a Show

See You Then

## ***Word from Warehouse***

Well, it's fair to say the warehouse activities are still going as strong as ever but there is light at the end of the tunnel.

Everybody is contributing 100% and the efforts are nothing short of fantastic. True PST style. I personally thank you all for a job well done.

Please all be conscious of your surroundings and take the time to try and clean up when are where we can. It does go a long way.

1 team / 1 dream.

## ***Sales***

Firstly and most importantly, the Sales team congratulates Tom and Lauren for the newest addition to our family, Teddy Childs. Tom - we all can't wait to meet him. Enjoy your well-deserved time off on paternity leave.

Thanks again to all the boys on the road for another busy week. As always, thanks to everyone for offering to help out their team mates when they finish early – there'll nearly always be something for you to do!

A special mention to Dan, Julian, Leka & and Arui who have been superb on a multi (8+) day warehouse relocation for KOR Equipment in Mulgrave, again showing our willingness to complete any job thrown at us! Also, thank you to Dipper for once again going back on the road to help out. Your flexibility and willingness to do multiple jobs within the business doesn't go unnoticed.

A reminder that there's nearly always work to be offered on Saturdays for anyone needing some extra \$\$\$\$. Even smaller days can be offered if preferred.

**The Boss**

This month has made me remember a joke from a fabulous movie- Philadelphia ..... “what do you call a thousand lawyers chained together at the bottom of the ocean? A good start”!

Who would have thought it was so bloody difficult for a business to go from an 8000 square metre warehouse to a 25000 square metre warehouse?! I am thinking I might need to create my own riddle regarding landlords, developers and tenancy representatives as well.

The good news is two fold; I shouldn't bag the lawyers because the one we have representing us is a bit of a unicorn and giving us great advice. Secondly, we are getting there and cant wait to tell everyone about what we are doing, once the ink is dry on the contract.

Excitement and news about the warehouse will no doubt comprise a significant proportion of the next 12 or so months. And this will come, however, once we know exactly when and how all of it happening, we are planning on a Xmas in July type of event to invite all of our key stakeholders, staff ..... everyone out at the new site. Fair to say the eskys will be nice and chockers.

As always, thanks to everyone for their efforts - most importantly, thanks to those that slave away in the hardest areas of transport and warehousing every minute of every day.

# ***PST CUSTOMER OF THE MONTH!***

With Tommy away (congratulations on the birth of Teddy Childs), I finally get my opportunity to do my version of customer of the month.

And because it's a family business and relationships are always important in a family, of course I want to pick one of my favourites - Garage Project.

Operating out of Wellington NZ, Garage Project are one of the worlds most famous craft beer brands and when I say craft beer, I mean genuine craft and a genuine commitment to non stop innovation. They are renowned across a few continents globally for this innovation and commitment to the most pure of ingredients.

We have been doing business with GP for about seven years now and after a difficult first couple of years (no fault of theirs - we took some time to find our feet in our new warehouse and in finding the right system etc), we are now partners in the truest sense of the word. Lead by Tim Davie and his willingness to give us time to develop, Garage Project were exceptionally loyal and patient at a time when they had every right to be a little impatient.

I am extremely proud of the fact that Tim and his team now considers us one of his top ranked suppliers. I have been saying it for too long now, but a little thing called covid got in the way for a while, but I can't wait to get over there and have a beer (probably 15) with the team in Wellington.

The logo for Garage Project is centered within a white square with a black border. The word "GARAGE" is at the top in a bold, black, sans-serif font, slightly arched. Below it, "ARO ST" and "WELLINGTON" are stacked in a smaller, black, sans-serif font. At the bottom, the word "PROJECT" is written in the same bold, black, sans-serif font as "GARAGE", also slightly arched. Two small black circles are positioned on either side of the "ARO ST WELLINGTON" text.
