## Employee Of The Month (APRIL)

**Alex Baggio**

Congratulations to Alex on being selected as the employee of the month for April.

Alex started with us a removals jockey, where he quickly showed a great attitude and a thirst for hard work.

After a few months here we put him in to get his truck license. He has been thrown around and has had a taste of just about everything we do.

We love your attitude and your willingness to help where needed. He loves his Melbourne Victory and a free feed

## Competitions

Quiet month on podium

*Let's get this back up & running!*

## Punters Club Results

27 Members

12 weeks of betting.  
Looking good so far but a long way to go.

## Recognition

Jon Mamo

Got recognition last month as well. Has being a great acquisition to the team. Helps when asked and is super reliable

# ***A word from....***

## **Word From Ops**

Another great month done! Few short weeks and easter kept everyone nice and busy! We got it done! Awesome effort from everyone, we all worked together and got a good result.

Jack “aka” Leggs, changed the date for the paintball 300 times and kept everyone guessing when its actually going to happen! New date is locked in for 14/5/22 please get your name on the sign up sheet if you want to attend, will be a fantastic day and if its not we can hold Jack down and shoot him!!

“The Don” went on the trip of a lifetime! Started with packing the car and new caravan in the pouring rain, had a good drive down to the caravan park in port fairy, arrives to a “caravan park” that was built for a dog trailer, takes 3 hours to find his site, finally backs it in, then goes to unhitch the car and forgets the jockey wheel!

The caravan ends up on the floor and it took the whole caravan park to help him lift it back off the floor! Good way to make some new friends, he did have to buy them all a beer at the pub!

## **Word from the Warehouse**

As another month comes to a close, all is well in the warehouse. The future is looking bright with the long-awaited bigger boat in progress.

The Warehouse never stops, I would like to say a big thank you to the warehouse staff, for continually contributing 100% we appreciate all of you.

This month the warehouse has had two new additions to the team, Paul, Simon, Jason, welcome aboard! We hope you enjoy working with us.

Lucky the weather is getting cooler because Leigh’s double nozzle fly spray is running low.

## ***Word from Sales***

Thank you all for the amazing effort in this challenging times.

The other day I was visiting a channel partner in Port Melbourne and talking to the staff members behind the desk there. I was very happy to hear the positive comments on how different, meaning more careful and professional, the Sadler's Boys are in comparison with other providers. At that very moment the sun went dark, a huge shadow appeared on our faces, it was Daniel Parkers parking his 14 tonne truck expertly right next to the building and reversing into the tight space in the most professional and caring way.

He came out of the vehicle, looking like a million dollar and smiling to the world. Still looking tough!!

That was a very proud moment for me.

Thank you, guys, for looking after our channel partners in the way you do. It is so important and appreciated. Those relationships are growing stronger and stronger every year. Our partners have been there for years, and because of what you do and the way you do it, they will be there for many years to come.

# ***A word from...***

**The Boss**

Well its been a long time in the making but we finally have great news in regards to our home for 2023 and beyond!!!

The lease is signed. 25,000 square metres - Middle Road Derrimut. For those that want context - look for the Remand Centre Derrimut. We will be commencing our move in there in March of 23'.

It is so bloody exciting. Great location. Great amount of space and a great opportunity for us to honour the most important assets in our business, our on road and in warehouse people. There's so much to tell in terms of our plans and this forum wont do it justice, however, make sure you keep an eye on the socials to look for updates. The Great Man Stanno is flying down on over the weekend to get together with The Greatest Man of all Johno to do some filming. Johno doesn't know how to do a serious video, so I am sure there will be some fun in there.

But of course, there's plenty of work to do and plenty of extra hours to be done. Make sure those interested in how the gym is set up get chatting to Jack Collins - Dyllon wanted too many mirrors in there, so we turned to a more sensible and better-looking option - JACKS GYM!

Over and out - keep up the amazing work and get amongst the excitement of our new place.

## PST SOCCER TEAM

Season is over, the team had great fun, we will see what we do for another season

## Joke of the month

Somebody should market a beer called "Occasionally".  
So when asked, I can say, "I only drink occasionally".

# ***PST CUSTOMER OF THE MONTH!***

Burnley brewing is an award-winning independently owned brewery, owned and operated by Hoiberg and Michael Stanzel.

Their mission is to combine traditional german beer making with Melbourne funk.

Michael, is the head brewer, began learning the craft before he could even drink beer. He is the first Australian to have studied traditional German brewing methods, known as ausbildung als brauer und mälzer.

Chloe is all hands on with sales, collab's and running all things creative. Burnley brewing focuses on making a wide variety of beers using traditional german brewing methods in a market that attracts beer lovers from all corners. The team is always pulling together to brew new and exciting beers.

Please head to their bridge road, Richmond HQ where they pour freshly brewed beers straight from tanks and serve delicious meals

We thank Chloe and Michael for the enthusiasm and support they show for Peter Sadler Removals & Logistics.
